

At our May meeting we have two competitions running simultaneously, one our annual Open Competition and two the Morris Mutter Competition.

The Open Competition as the name suggests is open to all members, **one item per member only** of a turned item. For members who have 5 years or less turning experience their item that is in the Open Competition will also be included in the Morris Mutter Competition. Regardless of the group they are currently in for the Bi-Monthly Competition, past winners of the Morris Mutter Competition can't enter again.

The Morris Mutter entries will be on one table and all other entries on another table. All entries will be individually numbered, one set of numbers will be used of both competitions, no other identification is allowed.

All members attending the meeting will be asked to enter on a voting slip the number of the item they consider the best in Morris Mutter Competition. Similarly, they will also enter on a separate voting slip the best overall item from both tables (the Open Competition). **Strictly, one vote per member for each competition.**

There is a Shield for the winner of Open Competition and the Morris Mutter Trophy which they will be the custodian of for one year.
